

# Position Description

<b>Title</b>	<i>Health Information Analyst</i>	<b>Position Reports to</b>	Manager, Health Information Services
<b>Classification</b>	<i>G2 HIM or HS4</i>	<b>Employment Status</b>	Temporary, Part Time
<b>Enterprise Agreement</b>	<i>Health and Allied Services 2016-2020 or Allied Health Professionals 2016-2020</i>		

As Australia’s only specialist eye, ear, nose and throat hospital, The Royal Victorian Eye and Ear Hospital (the Eye and Ear) has been providing care for the senses for 150 years. The Eye and Ear has over 50 different outpatient clinics for the diagnosis, monitoring and treatment of vision and hearing loss and provides a 24 hour emergency eye and ear, nose, and throat service. The Eye and Ear provides care annually for around 250,000 patients, with over 200,000 outpatients, nearly 40,000 emergency patients and over 14,000 inpatients.

## Vision Mission And Values

The Eye and Ear is a world leader providing exceptional care. We aspire to be the world’s leading eye and ear health service through; outstanding patient experience; exemplary leadership; inspiring our people and building a platform for the future. Our values of **Integrity, Care, Excellence** and **Innovation** are at the core of everything we do.

- **INTEGRITY** We act ethically, accept personal accountability, communicate openly and honestly and treat everyone with trust and respect
- **CARE** We treat patients with respect, are compassionate, thoughtful and responsive to their needs and sensitive to diversity
- **TEAMWORK** We communicate openly, respect diversity of views and skills and work effectively with partners and in multi-disciplinary teams to deliver the best outcomes for patients
- **EXCELLENCE** We give our personal best at all times, deliver exemplary customer service, monitor performance and seek leading edge ways to improve it

The Eye and Ear is an equal opportunity employer and is committed to providing a work environment that is free from harassment or discrimination and promotes inclusion, equity, diversity and cultural awareness in the workplace. The Eye and Ear is a smoke free environment.

## Position Summary:

The Health Information Analyst will be required to extract, collate and disseminate information required for monitoring hospital performance, planning, clinical documentation, HIS service delivery and research using various databases and data management software. The role involves the interpretation and implementation of complex business rules to ensure PiMS and EMR configuration and processes are current and meet statutory and organisational requirements. The role will also involve consultation and liaison with clinical and non-clinical staff to improve processes, education, compliance and identify and resolve arising issues.

## Key Responsibilities / Performance Outcomes:

1. Work within an ethically and legally sound framework. Ensure responsibilities are undertaken in accordance with the Eye and Ear policies and procedures, Code of Conduct and applicable legislation.
2. Information Technology (IT) skills that are commensurate with the requirements of the role.
3. Coordinate the mandatory reporting process to ensure deadlines are met and data is of a high standard. This includes extraction, validation, submission and error management for all datasets (i.e. VAED, VEMD, VINAH, ESIS) and provide backup when required.
4. Coordinate the end of financial year data consolidation process along with the interpretation and implementation of any required extract or policy and funding guideline updates.
5. Provide guidance to relevant areas and staff on the statutory reporting requirements, business rules and data quality issues whilst developing the required support processes and overseeing their implementation.
6. Extract, collate and disseminate information required for monitoring hospital performance, planning, clinical documentation, HIS service delivery and research using various software and tools (i.e. SQL, Access, Excel).
7. Interpretation and implementation of complex business rules to ensure PiMS and EMR configuration and processes are current and meet statutory and organisational requirements.
8. Other tasks as directed by the Manager, Health Information Services.

## Quality, Patient Safety And Risk Management

Ensure utilisation of systems designed to support quality, safety & risk management. This involves:

- Having an understanding of working within your role and responsibilities outlined in the Eye and Ear Quality Clinical Governance Framework ([link](#)) to deliver safe high quality and person-centred experience and care.

- Participating in reporting and analysis of safety and quality data including risks or hazards.
- Participating in improvement activities.
- Participating in the reporting and analysis of quality initiatives, adverse events and risk identification.
- Participating in appropriate professional development activities and other quality and safety training.
- Participating in health service activities required for accreditation.
- Ensuring appropriate use of hospital resources.
- Demonstrate awareness of the financial requirements of the department and demonstrate an awareness of cost effective practice.
- Actively participate in the annual performance development cycle.
- Is compliant with the Eye and Ear Data Accountability Framework ([link](#)).

## Occupational Health And Safety

The Eye and Ear endeavours to provide a working environment for its employees that is safe and without risk to health. Employees are required to:

- Perform their work with due regard for their own safety and health and for the safety and health of other people who may be affected by their acts or omissions.
- Actively promote and demonstrate the organisational values of integrity, care, excellence and teamwork.
- Participate in wellness@work initiatives.
- Report any hazards, near miss and incidents (regardless of whether an injury occurred or not) via the Victorian Health Incident Management System (VHIMS) Riskman.
- Understand and adhere to emergency procedures.
- Actively discourage and where possible call out inappropriate behaviour that may pose a safety risk to others.
- Participate actively in return to work programs if injured, and supporting injured colleagues in their return to work.

## Selection Criteria: Qualifications, Experience And Competencies

	<b>Essential</b>	<b>Desirable</b>
<b>Qualifications</b>	<i>Tertiary qualification in health information, public health or informatics</i>	<i>Post graduate qualification in data management</i>
<b>Experience</b>	<i>Extensive experience using SQL, MS Access and other database tools</i>	<i>Demonstrated experience with the submission and reconciliation of statutory extracts including mandatory reporting requirements and</i>

		<i>Policy and Funding Guidelines</i>
	<i>Experience using backend iPM and Cerner software</i>	
<b>Competencies</b>	<i>Highly developed analytical and problem solving skills and computer literacy</i>	
	<i>High-level awareness of data recording, extraction, analysis and reporting</i>	
	<i>Excellent written and verbal communication skills</i>	
	<i>Proven ability to work independently and as part of a team</i>	

## Reporting Lines
